3. Observe the following pictures and write the name of the angles in their box.

4. Join the dots and draw right angle, acute angle and obtuse angle.

Project (Art and Craft)

1. Form angles of all the types by paper cutting or paper folding and paste them in a chart.

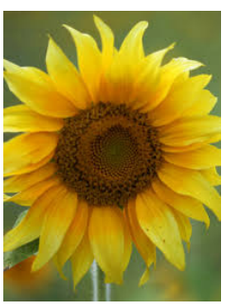

2. Write the names of the flowers, animals and birds in English capital letter and find the types of angles formed in each alphabet.

GIRAFFE

PEACOCK

SUNFLOWER
