2.5.2 Subtraction

We have already learnt how to write the number numbers in their corresponding place values and add them. Now we are going to do the subtraction The process of finding the difference between two numbers or quantities is denoted by a minus sign Example

The result of subtracting one number from another number is called the **Difference**

Answer

L	TTH	TH	H	T	O
6	7	5	4	3	2
	3	2	4	5	6
6	4	2	9	7	6

Example

Mathan is working in construction company. His salary is ₹ 57385 per month. He spent ₹ 48500 for his family every month. How much does he save per month?

Answer:

			₹
Mathan's Salary	=		57,385
His expenditure	=	-	48,500
His savings			**8,885**
