## Example 2

In Trichy, GHSS has five different clubs. The data shows the number of students in each club. Use the information to draw a bargraph and answer the question.

| Art club | Debate club | Dance club | Drama club | Sports club |
|---|---|---|---|---|
| 28 | 80 | 150 | 100 | 120 |

1) Which club has the fewest students? How many?
   Arts club 28
2) How many students are there in art club and debate club?
   28+80=108
3) How many more students are there in the sports club than the drama club?
   20
4) How many students are there in all the clubs altogether?
   478
