Progress in man's life

Man ⟶ family ⟶ society ⟶ community ⟶ administration

There were burial pots called urns in which the dead bodies were placed and buried under the ground.

Chalcolithic Age

At the end of new stone age **copper** was invented. In this age both stone and copper were used. This period was called **Chalcolithic age.** Bronze was produced when copper, zinc and tin were mixed together. The period when people made tools from bronze was called **Bronze age.**

Iron Age

After this, humans discovered iron and started using iron tools and weapons. This age was called **Iron age.** In this age household articles and agricultural tools were made up of iron.

ACTIVITY

Let us write

Write the names of some iron tools in your home.

Sickle, Spade, _____
